

KINGDOM COME

PART THREE | THE PROBLEM WITH PERSONAL

BEFORE THE VIDEO, DISCUSS THESE QUESTIONS:

1. Did you try with a new spiritual practice this past week? If so, how did it go?
2. Based on your experience, will you make any changes this week?

AFTER THE VIDEO, DISCUSS THESE QUESTIONS:

1. Were you taught to believe that faith is supposed to be personal and private? How has that affected your spiritual growth?
2. To grow spiritually, you need to connect relationally. What obstacles can make it difficult to prioritize being in community?
3. Have you ever felt like God placed someone in your life for a specific purpose? If so, who was it and how did they impact you?
4. Have you ever felt like God placed you in someone else's life for a reason? If so, how did that experience impact your own spiritual growth journey?
5. What can you do in this next season to make sure your faith doesn't stop with you but reaches out to impact the lives of others?
6. During these three sessions, we have talked about four pursuits that are all part of our spiritual growth:
 - Understanding our **identity** in Christ
 - **Connecting** with God through spiritual practices
 - Experiencing **belonging** in community
 - Discovering **purpose** through serving others

Which of these would you identify as the area you most need to focus on at this point in your growth journey? What do you think could be your best next step?
