

## Not-So Newlywed Game

### How to play:

Tell everyone before hand it's Virtual Game Night! Let them know they will need a stack of paper (40 sheets) and two markers to write answers on. You could also use sticky notes. Once your group is ready to begin, tell everyone the instructions.

Total game time: 45–60 minutes.

### Instructions:

1. You have 20 questions to go through.
2. The leader will ask the questions one at a time and both the husband and wife of each couple (including leaders) will write down their own answers **privately** without showing each other or the group. Give no more than :30 to write each answer using their own marker and paper. The faster the better and one word or short answers are more fun. Make sure to turn them over as you do them so your spouse can't see. This should take about 10 minutes.
3. Each couple then takes a turn sharing their answers one at a time.
4. The leader will keep score.
5. The couple with the most points wins!

Pro Tip: Google "newlywed game" if you want examples of how it's played.

### How to Score:

- 1 point for each word or phrase that matches
- 0 points if they don't have the same answer
- Couple with the most points at the end wins!
- If there is a tie, the most unique answer (group votes)!
