

## IT'S TIME TO RETHINK WORK

### SESSION THREE - IT STARTS WITH TRUST

#### DISCUSSION QUESTIONS

1. When you think about evangelism and the “right way to do it,” how important is it to have a skeptical coworker trust you?
2. When Paul says he will be anything to anyone, what part of this makes sense from a “love them” perspective, versus coming across as turning the unbeliever into your personal project?
3. What is meant by not allowing your theology to get in the way of your ministry?
4. How can we, as marketplace Christians, be bold, yet smart, in our approach to being the light of Christ?
5. What level of burden is removed when you recognize that God saves, not you as an evangelist?
6. What do you need to change in your thinking or actions at work to see that God has you there for a reason in his eternal purpose?
7. Who at your place of employment doesn't know Jesus? How can you intentionally love, pursue, and pray for them more?
